

EDUCATION SERVICES

ILLINOIS HISTORIC PRESERVATION AGENCY

The Education Services Program assists teachers and their students in researching and studying local and state history.

ILLINOIS HISTORY EXPO

The Illinois History Expo is an annual statewide competition that gives junior high and high school students (grades 6-12) an opportunity to display their knowledge on a topic through various history-related projects pertaining to Illinois.

Illinois Regional History Expos are held in the early spring at college campuses throughout Illinois. Projects and papers judged to be superior advance to the statewide Illinois History Expo held in Springfield during May. Some projects will be selected to represent Illinois at the University of Maryland in mid-June during the National History Day competition.

Students are invited to enter projects in any of these categories: research papers, exhibits, media, and performances.
